

# Participants needed in a study about health in LGBTQ+ communities

***We are looking for people to participate in a focus group about health and tobacco use in Black and Latino/a/x LGBTQ+ communities.***

*We are a group of health researchers at the University of Maryland interested in understanding how your communities view health and tobacco use. We would like your input because we want to be sure our approach to improving health in Black and Latina/o/x LGBTQ+ communities is informed by the people within those communities.*

## **Who is eligible?**

Black and/or Latina/o/x LGBTQ+ individuals between the ages of 18 and 30 living in Prince Georges or Montgomery County.

## **What is involved?**

First, we ask that you complete a 5-10 minute [eligibility survey](#).

If eligible, you will be invited to participate in a 90-minute virtual, audio-recorded focus group, which is a meeting of 5-6 similar individuals asked to share their views on a topic.

## **What will you be asked?**

We may ask you questions about your tobacco use and experiences and your thoughts about tobacco quit messages and resources.

## **How will you be compensated?**

You will receive a \$60 gift card after your focus group participation.

## **Questions?**
